TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Atkinson qualified to vote in town affairs:

You are hereby notified to meet at Grange Hall in said town on Tuesday the ninth day of March next at ten of the clock in the forenoon to act on the following subjects:

1. To choose all necessary town officers requiring ballot and major vote.

2. To choose all other necessary town officers.

3. To raise such sums of money as may be deemed necessary for repairing town highways including permanent improvement fund required by law.

4. To see if the town will vote to raise the sum required by law to secure state aid to permanent road fund.

5. To see if the town will vote to raise the sum required by law to secure a like sum from the state for maintenance of permanent roads.

6. To see if the town will vote to raise a sum of money above that required by law for the support of the Public Library.

7. To see if the town will take some action towards the extermination of Gypsy and Brown Tail Moths and raise money for the same.

8. To see if the town will vote to authorize the town treasurer to hire with the approval of the selectmen such sums of money as he may need for general expenses in anticipation of taxes.

9. To raise such sums of money as may be deemed necessary to pay town charges and make an appropriation for the same.

10. To see what action the town will take in regard to observing Old Home Week and make an appropriation for the same.

11. To see if the town will instruct the selectmen to report cases of violation of the Federal Prohibition laws to J. H. Robbins, Superintendent, Concord, or appoint any other committee to do the same.

12. To see if the town will take any action with regard to erecting a permanent memorial for the soldiers and sailors from Atkinson who served in the recent war and vote to raise money for the same.

13. (By request of State Forester E. C. Hirst). To see what action the town will take in regard to the control of the white pine blister and vote to raise money for the same. The said appropriation to be made available until spent in the cooperation with the State and Federal Governments.

14. To see what sum of money the town will vote to raise for the purpose of street lighting by electricity.

15. (By request). To see if the town will vote to raise \$500.00 or any part thereof for permanent repairs on the East Road.

16. To hear the report of agents, auditors or committees and pass any vote in relation thereto.

17. To transact any and all business that may legally come before said meeting.

Given under our hands and seal this nineteenth day of February, 1920.

GEORGE A. SAWYER,
JAY W. STICKNEY,
ALBERT P. COLE,

Selectmen of Atkinson.

A true copy of warrant. Attest:—

GEORGE A. SAWYER,
JAY W. STICKNEY,
ALBERT P. COLE,

Selectmen of Atkinson.

ANNUAL REPORT
OF
SCHOOL BOARD
FOR THE
TOWN OF ATKINSON

SCHOOL BOARD REPORT

Required annual report of school board to district, stating amount of money needed for support of schools and for statutory requirements (see Laws of 1919, 106:21).

1. Amount of money required by law (\$3.50 on each \$1,000 of the 1920 inventory).

2. Statement in detail of the additional amount of money required for the support of schools, and payments of statutory obligations for the ensuing fiscal year.

	Elementary Schools	High Schools
1. Budget (School Money)		
(a) For support of schools.	\$3,400	
(This is school money and may be used for maintaining schools including the purchase of fuel and other supplies, the transportation of pupils and incidental repairs not exceeding 5% of school money).		
(b) For purchase of textbooks and scholars' supplies.	175	
(c) For the purchase of flags and appurtenances	25	
(d) For the payment of tuitions at high schools and academies		\$ 600
(e) Total amount required for above items	3,600	600
(f) Estimate of amount of a \$5 tax on the 1920 inventory	2,500	
2. Requirements to Meet Budget		
(a) For support of elementary schools		2,500

(If the amount required for elementary schools is more than the amount of a \$5 tax—the amount of a \$5 tax should be reported—otherwise the amount required)

(b) For support of high school or payment of high school tuitions 600

(Ordinarily districts that support a high school do not pay tuitions. Both items might be required).

Total for support of all schools (school money) 3,100

3. School Board Report of Assessment Required

(1) For the support of schools and the purchase of required books, supplies and flags, and the payment of high school tuitions 3,100

(2) For the payment of the per capita tax (statutory)... 150

(3) For the payment of debt (statutory) 40

(4) For the payment of interest (statutory) 320

(5) For the payment of other statutory requirements (if any) 30

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Atkinson:

I herewith submit my third annual report as Superintendent of Schools the sixteenth in the series of such reports.

The year 1918-1919 was a very trying one for everybody, and it seems to me that the schools, teachers, and children, felt the strain quite as keenly as it was felt in any other line of work. The end of the year found everyone more tired than ever before. I am pleased to be able to say that notwithstanding everything the standard of work was maintained.

During the present year while the nerve tension is caused by somewhat changed conditions we still feel an excessive nerve tension makes it hard to get steady, solid work done.

The school law passed by the legislature of 1919 is the most progressive as well as the most comprehensive piece of school legislation so far enacted by any state, and its provisions place New Hampshire's educational system in the very front of the state systems of the country. The most important changes effected are:

1. The establishment of a State Board of Education with functions and duties that its members may not delegate to its executive officer, the Commissioner of Education.

2. The establishment of state wide supervision of schools under approved superintendents. These superintendents while nominated by the joint committees of the supervisory districts are elected by the State Board of Education, and are state officials whose duties and powers are defined.

3. The fixing of a minimum of thirty-six weeks of school for elementary schools.

4. The definition of what shall constitute an approved elementary school.

5. State wide certification or approval of teachers and that the state board shall fix standards of qualification to be met in order that approval may be secured.

6. A requirement that all common school branches shall be taught in English, and that Americanization schools shall be conducted for persons who cannot speak and read English.

It further requires that selectmen shall assess a tax of \$2 per pupil of entire registration for the preceding year to defray the expense of state wide supervision, and a tax of \$3.50 per thousand of the value of the ratable estate assessable for the current year for the support of elementary schools, Americanization schools, the purchase of textbooks, pupils' supplies and flags and appurtenances and the supervision of the health of the children. This sum may be increased by vote of the district to any sum up to \$5 on the thousand but to districts in which the sum produced by a tax of \$5 on a thousand is not sufficient the state shall provide the balance from funds appropriated for this purpose.

The intention of the law is to make of the state one big school district with a view to giving to the children of the small town whose property value is small and whose tax rate unreasonably high, educational opportunities as nearly as possible equal to those of the city and large town in which commerce and manufacturing and the opportunity to earn money make the payment of higher taxes much easier than in the back section where no such opportunities exist.

The first principle of this law is equalization of educational opportunities for all children in the state, the second is the standardization of the schools.

In towns like Salem the cost of running the schools will not likely be less and may be slightly more than under the old law, but owing to the increased cost of living and consequent higher salaries paid this year it is impossible to make a close estimate comparison.

Until this year it has never been difficult for towns along the Massachusetts line to get graduates of the Low-

all or of the Salem normal schools to teach for a year or two, or until they found a situation in or near their home town or city. The demand for young women in the mills, and offices of the cities and the fancy wages paid have drawn from the teaching force many already at work, but especially have attracted the recent graduates of the normal schools who would ordinarily be candidates for teaching positions in these towns near the state line. The young graduates of high schools have also been drawn in and the attendance in many normal schools has been cut 50 per cent. There are not enough trained teachers left to go around this year. And during the next few years conditions will grow worse rather than better until manufacturing shall have caught up with demand. The plan of certification of teachers now being put into effect that requires at least some professional training will go far towards safeguarding the standards of work already established here.

One other factor that will help to solve the teacher problem, and in fact the whole problem of education in country districts is for people to get back somewhat to the old-time social attitude, and establish friendly relations with their children's teacher. The teacher is just a human being neither better nor worse than the average of human beings, and it will make her do better work with the children if the people of her community accept her in this spirit.

Furthermore I would strongly urge parents of girls who will graduate from high school this year to consider well the opportunities for service of the highest character that are opening in the teaching profession. To be sure they will have to work hard, and the return in money will not make them wealthy, but they will have the satisfaction of having an important part in the greatest, the noblest work in the world—that of moulding the character of the next generation, of helping to establish the principles by which this country will be governed. They can probably make more weaving cotton or stitching shoes. But the cloth soon wears out and the shoes soon

become worthless: their money is soon spent and the pleasures bought with it are quickly gone. But the character and principles of right living and right thinking established by the patient, conscientious teacher will go on and express themselves in cleaner living and better citizenship long after her own heart has ceased to beat.

I wish to express to committee, citizens and teachers my thanks for the cooperation given me in my work.

Respectfully submitted,

JAMES A. MacDOUGALL,
Superintendent.

REPORT OF TEACHER OF MUSIC

To Superintendent MacDougall and School Board of Atkinson, N. H.:

I have the honor to submit my third annual report of the work accomplished in music in the schools of Atkinson.

Rote song work is being successfully carried on in the primary grades. In the second, third and fourth grades the children are doing good work in music, reading and unison singing. The textbooks, the Ginn & Company's Educational Series, remain unchanged.

In the grammar grades a noted improvement in part singing is readily recognized. We are using in these grades the Progressive Music Series, Book III.

Junior Songs by Hollis Dann are being used at the academy. The chorus singing this year is an improvement over that of previous years, due to the fact that the boys are doing good work in the bass section.

The teachers in Atkinson are always ready to give their loyal support. It is due to their efforts that the children are always so willing to try. The lesson of the supervisor is only a beginning. When she leaves the room, the work is left in the hands of the grade teachers. Again I wish to thank these teachers for their continued help in carrying on the work.

I wish also to thank the Superintendent of Schools and the School Board for their assistance during the past year.

Respectfully submitted,

EVA A. WILLIAMS.

SCHOOL DISTRICT TREASURER'S REPORT

Report No. 1 is for the year according to state law from September 1st to August 31st; report No. 2 is for the time between September 1 and January 31st and is for the purpose of comparing accounts.

S. W. LUFKIN.

SCHOOL DISTRICT TREASURER'S REPORT No. 1

The treasurer charges himself with:

Cash on hand Sept. 1st, 1918,	\$349 66
Town treasurer's school money,	3,113 08
